PISCES SET INTENTIONS

Work with the power of the new moon by **setting intentions**. Review your notes and make a list of up to **ten (10) intentions**. For potent results do this at the exact time of the New Moon up to 72 hours after. Free-write **your heart's desires**. As the moon waxes come back and **refine your intentions into routines, goals, and habits**. As the moon wanes come back to release the intentions that are not in alignment with your best interests. **Come back** throughout the year when the moon is transiting through the moon sign. **Reflect, analyze, and refine where your intentions stand.**
